Internationally acclaimed recitalist, soloist, and chamber musician, Irina Vasilieva presenting works by Domenico Scarlatti, Ludwig van Beethoven, Felix Mendelssohn and Sergei Rachmaninoff.

Irina has been the driving force behind the Cappuccino Concerts Australia. The concept which aims to bring new life and perspective to classical music, was born in 2009, when Irina Vasilieva dreamed up the Cappuccino Concerts series, a brainwave that has since become an integral part of the Perth concert scene.

What began as an opportunity to give performers a professional platform has been embraced by Perth audiences. The concerts are set in intimate venues like bookstores and cafés, public libraries, music shops, etc and invariably sell out. As Music Director of this organisation Irina is instrumental in providing world class artists the opportunity to perform in relaxed and informal settings.

Enjoy a complimentary BLACK BOX Visual Arts Studio **ART SHOW** exhibiting the work of Australian and international artists, and the intimacy of superb chamber music in the comfortable environment of the state-of-the-art THE GROVE Library building, 1 Leake St., Peppermint Grove. All artworks and reproductions are for sale.
